

May 2022

*Please hold the following in your prayers this month.*

1. Easter has just gone and already we are thinking about the June half- term and Summer holidays. Please pray for staff as they plan activities for our four week summer programme and look for ways to keep a wide age range of young people busy.
2. It's been a very difficult two years for education. This can be a difficult time for young people as they continue their exams but also look towards life after school. Pray for them as they study but also as they may have to prepare or plan as to what do to next.
3. We have a number of our young people who have raised mental health issues, it's an ongoing issue for young people. Pray for them and our youth team who support them.
4. Please continue to pray for our management team as they look towards developing and moving forward our Business Plan that is coming to the end of its three year cycle. Pray that these new developments will help us deliver a better service and look at new ways of securing funding.
